## **April 2016**

Greetings once again from Western Australia in the precious name of Jesus Christ the Lord.

All is going well here this past month. We are approaching the winter season in Australia and are continuing the work that is before us. There are usually more frequent rains associated with winter, that requires me to take advantage of the dry spells to be out into the neighborhoods in the proclamation of the Gospel. We continue to ask the Lord for opportunities to speak with people and to bear witness of the glories of Christ and Him crucified, as well as to speak the truths of God's word.

In recent communications with the brethren in Papua New Guinea we have learned that some have been afflicted with illness. Bro. Norman's wife Luci has contracted Tuberculosis and is presently under treatment. Tuberculosis is a highly contagious airborne disease that is common in Papua New Guinea. Other brethren are also suffering various illnesses as well. Your continued prayers for the brethren in Papua New Guinea are very much appreciated.

Our sincere thanks for your prayers, love, encouragement, and support for the Lord's work in Australia and Papua New Guinea.

Love in Christ,  
Frank James

## ***News From The Homefront***

### **Hoons:**

Over here, the teens or young men who go through the neighborhoods in their vehicles at high speeds and then slam on their brakes and squeal their tires are called "hoons." The loud noise, for some reason, sets off our vehicle's security alarm. If we hear them coming, Frank tries to hurry and get outside and take a picture of their license plate to show the police. We keep thinking they are going to hit somebody. The only thing is that we don't use a smart phone and get tickled seeing Frank with his flip-open phone standing in the yard trying to get a picture. By the time he figures out if he's taking a "selfie" or the vehicle license plate, they've sped by and our alarm is disturbing everyone. I wouldn't be much help with that phone either. I think I need to set my camera in his office by the front door, all ready to go. ☺
