## **May 2016**

Greetings in the name of Jesus Christ who is worthy of all praise, honor, adoration, and worship.

The work here in the Perth area of Western Australia is continuing, though we have experienced some hindrances this past month. The weather has been a factor in getting out tracts, as well as other matters that have been before us. Nevertheless, we are thankful for the Lord's blessings upon His work, as well as for the services each Lord's day. We are greatly encouraged and thankful for the Capistrano family who are faithful in attendance to each worship service.

We are also thankful for the faithful prayers and support of our home church, along with many of the Lord's churches and individuals. It remains a source of continual encouragement and thanksgiving. --Knowing that they are the Lord's provision for His work to continue in this particular place. Cyd and I also feel overwhelmed by the love and encouragement of all those who support and pray for the work; many of whom have been with us since the Lord called us to foreign missions over 25 years ago. We are truly co-laborers together with you in the service of our Lord and King. Our thanks and praise unto Him upon every remembrance of you.

Love in Christ,  
Frank James

### **House Keys:**

We had fifteen minutes to get to an appt. a few weeks ago. We walked outside and Frank closed the door and then realized he had accidentally locked the car keys AND the house keys inside the house. We couldn't think how to break in. But then we remembered the little window air conditioner he had installed in the extra bedroom. This meant that he would have to go to the side of the house and climb over a high metal fence and pull that window air conditioner out and crawl through the hole. All in about five minutes. It reminded me of a game or reality TV show where you get five minutes to do a feat. I walked around casually pulling weeds as if it were normal hearing clanging and banging, and listened to see if he was getting through. He did, and came outside with a smile on his face and the keys in his hand. We made it to the doctor with two minutes to spare. Now he found a place to hide the house keys at the front of the house. ☺
